

FLOWTORK

TECHNOLOGIES CORPORATION

WORK WITH US

More and more businesses are making use of Flowtork in their industrial and agricultural process. Flowtork has been known as a provider of high-quality products & services to its customers since 2004.

Our equipment and services are modularly designed in such a way that they can be easily integrated into existing systems with zero hassle.

ENHANCE YOUR BUSINESS WITH

Established in 2004

FLOWTORK TECHNOLOGIES CORPORATION

Flowtork Technologies Corporation has been involved in the supply and installation of industrial instrumentation equipment to various industries in the Philippines. Throughout the years, the company has earned and continuously improved its excellent reputation by not only supplying world-class products, but also providing high-quality customer service and on-time delivery.

In order to cater to its growing list of clientele, Flowtork has continued to equip itself with more professional individuals and technically-skilled workforce. By having reliability, trustworthiness, respectability, and dependability, Flowtork envisions itself to remain in the forefront of product servicing for many years to come.

OUR SERVICES

24/7 After Sales Support

Overhauling and Repair

Preventive Maintenance Inspection (PMI)

Consultation and Engineering

Installation, Testing, and Commissioning

Product Training and Seminar

System Integration

In line with our core values of honesty, integrity, and collegiality, we make sure that our customers are provided with immediate and firsthand service before and after an order. With the help of our engineering team, we make sure that we select and provide the proper equipment suited for your application along with the best warranty in the business.

By choosing Flowtork, not only do you improve the quality and smoothness of your process system, you are also entitled to our continuous commitment towards after-sales support such as installation, testing, commissioning, troubleshooting and even hands-on seminar and product training

Through this, we will ensure that you, our valued customer, shall achieve 100% satisfaction.

APPLICATION OF PRODUCTS

- Water
- Power
- Oil and Gas
- Mining
- HVAC
- Sugar/Ethanol
- Food and Beverage
- Pharmaceutical
- Pulp and Paper
- Petrochemical
- Ship Building

auma®

Solutions for a world in motion

Electric Actuators, Gearboxes, and Controls

The AUMA Group consists of Auma, SIPOS, and Drehmo actuators who have been developing and building electric actuators and valve gearboxes for 50 years and is one of the leading manufacturers in the industry.

ELECTRIC ACTUATORS

DREHMO
VALVE ACTUATORS

DREHMO

Compact and Robust Design

AUMA ELECTRIC ACTUATOR

Multi-turn, Part-Turn, and Linear Application

TIGRON

Explosion Proof Electric Actuator for the Oil & Gas Industry

PROFOX

Compact Actuator for Small Valves and Single Phase 220v Application

SIPOS
AKTORIK

SIPOS 7

Variable Speed Electric Actuator

AC SIL

Functional Safety Solutions for Potential High Risk Conditions

ACTUATOR WITH BASE AND LEVER

For Special Applications Such as Dampers. The Lever Actuators are Based on the Well-Established Part-Turn Actuator which have the Same Characteristics.

GEARBOX

BEVEL GEARBOX

Torque Reduction for Multi-Turn Valve Application

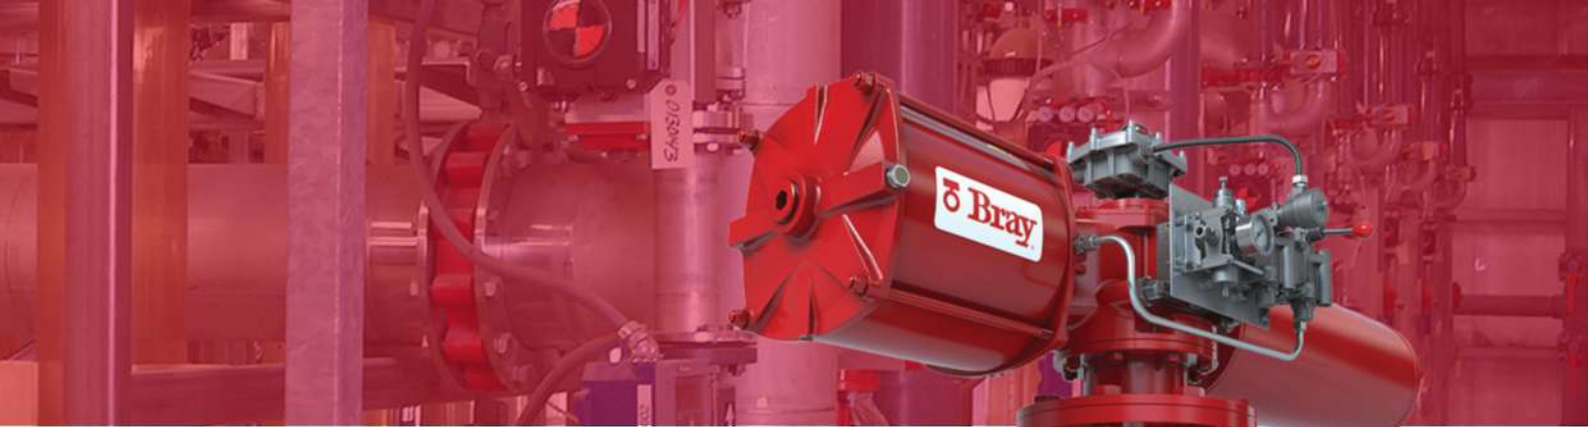

SPUR GEARBOX

Torque Reduction for Multi-Turn Valve Application

WORM GEARBOX

Torque Reduction for Part-Turn Valve Application

Control Valves, Severe Service Ball Valves,
Pneumatic Actuators

Bray has designed products that meet the stringent requirements of today's flow control industry, Bray has earned a reputation for excellence through creating products of superior value and quality.

BUTTERFLY VALVES

DOUBLE FLANGED RESILIENT SEATED

Wastewater, Seawater, Water, Other Liquids
and Gases

WAFER/LUG RESILIENT SEATED

Potable Water, Wastewater, Seawater, HVAC

HIGH CHLORIDE RESILIENT SEATED

Flue Gas Desulfurization, Mining, Seawater

PTFE LINED

Highly Corrosive, Toxic Media,
Acids, Ultra Pure Water

MCCANOOK DOUBLE OFFSET

High Pressure, High Temperature, Critical Service

TRI-LOK TRIPLE OFFSET

High Pressure, High Temperature, Critical Service, Zero Leakage

TRI-LOK CRYOGENIC

LNG, Cryogenic Services

BALL VALVES

FLOWTEK

Process, Tank Farms, Fueling, Oil & Gas, Municipal Water Supply

TRUNNION MOUNTED

Oil and Gas, Pipeline, Offshore Platforms, Onshore Terminals, Emergency Shutdown, Block and Bypass, Compression and Re-injection Units, Pig Traps, De-Coking Isolation, Buried Services, Produced Water (Brine) Services

SEGMENTED

Control Applications in Pulp and Paper, Sugar and Ethanol Production, Mining, Oil and Gas, Power, Refining, Chemical, Food and Beverage, HVAC, and Other Highly Abrasive Slurry Applications

M1 SEVERE SERVICE

Power, Oil & Gas, Refining, Petrochemical, Synfuels, Mining Autoclaves, Slurry Transport, Aerospace, Steel, Pulp & Paper

M4 SEVERE SERVICE

Power Plant Seam Vents & Drains, Isolation or Blowdown of Steam, Water, and Other High Temperature and/or High Pressure Clean Medias

KNIFE GATE VALVES

VAAS UNIDIRECTIONAL / BIDIRECTIONAL

Slurry Application

CHECK VALVES

RITE SWING / DOUBLE DOOR

Pump Protection, Water Hammer Reduction

PNEUMATIC ACTUATORS

RACK & PINION

Pneumatic Actuator for Low Torque Application

SCOTCH YOKE

Pneumatic Actuator for High Torque Application

Hydro Valves and Mechanical Fittings

With innovative standards in Water and Wastewater Engineering, VAG has positioned itself not only as a supplier of solutions, but also and above all, as a quality manufacturer when it comes to durable valves, high functionality and load-bearing mechanisms

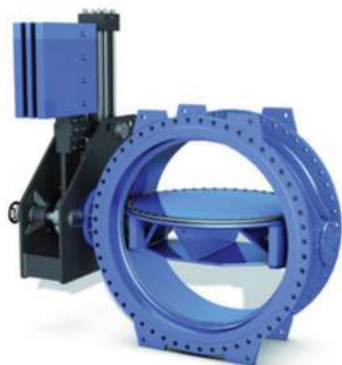

VALVES

VAG RIKO PLUNGER VALVE

VAG MECHANICAL FITTINGS

VAG EKN DOUBLE ECCENTRIC BUTTERFLY VALVES

VAG PENSTOCK / SLUICE GATE

Better Value. Faster Delivery. Any Process.

High Performance Control Valves

MASCOT is a Well-Established manufacturer and supplier of Control Valves, Shut-Off Valves, Desuperheaters and Pressure Reducing & De-Superheating Stations (PRDS)

CONTROL VALVES

GFLO GLOBE CONTROL VALVE

VFLO SEGMENTED (V-NOTCH) BALL VALVE

DISKFLO BUTTERFLY VALVE

DEFLO DESUPERHEATERS

EKATO

Agitators and Mixers

Founded in 1933, EKATO is the market leader in stirring and mixing technology and offers you mixers and agitators for your sophisticated mixing process.

AGITATORS AND MIXERS

EKATO FLUID

EKATO SOLIDMIX

EKATO UNIMIX

MECHANICAL SEALS

PosiWell

Posiwell Double Block & Bleed Gate Valves have been designed by engineers at the forefront of valve service, repair, modification and automation.

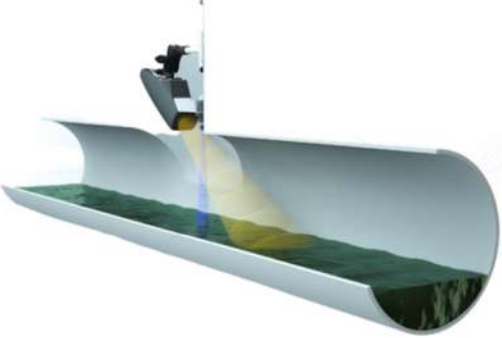

DOUBLE BLOCK AND BLEED VALVE

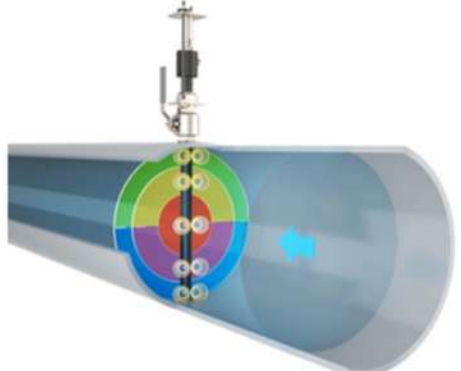

FLOW-TRONIC

Flow-Tronic is a Belgian Company established in 1989 and located in Welkenraedt. With thousands of customers using its devices around the world, the company is internationally recognized as the leading manufacturer of innovative and accurate liquid flow meters.

**RAVEN EYE
OPEN CHANNEL FLOWMETER**

**FULL PROFILE ELECTROMAGNETIC
INSERTION FLOWMETER**

MERRICK

MERRICK INDUSTRIES, INC.

An Industry-leader in technology with the experience and expertise in designing and manufacturing high quality products that are reliable, repeatable, and accurate.

Merrick has been serving the belt scale and feeder industry since 1908 as the inventor of dynamic weighing and weigh feeding systems.

GRAVIMETRIC COAL FEEDER

Formerly:

FMC Technologies

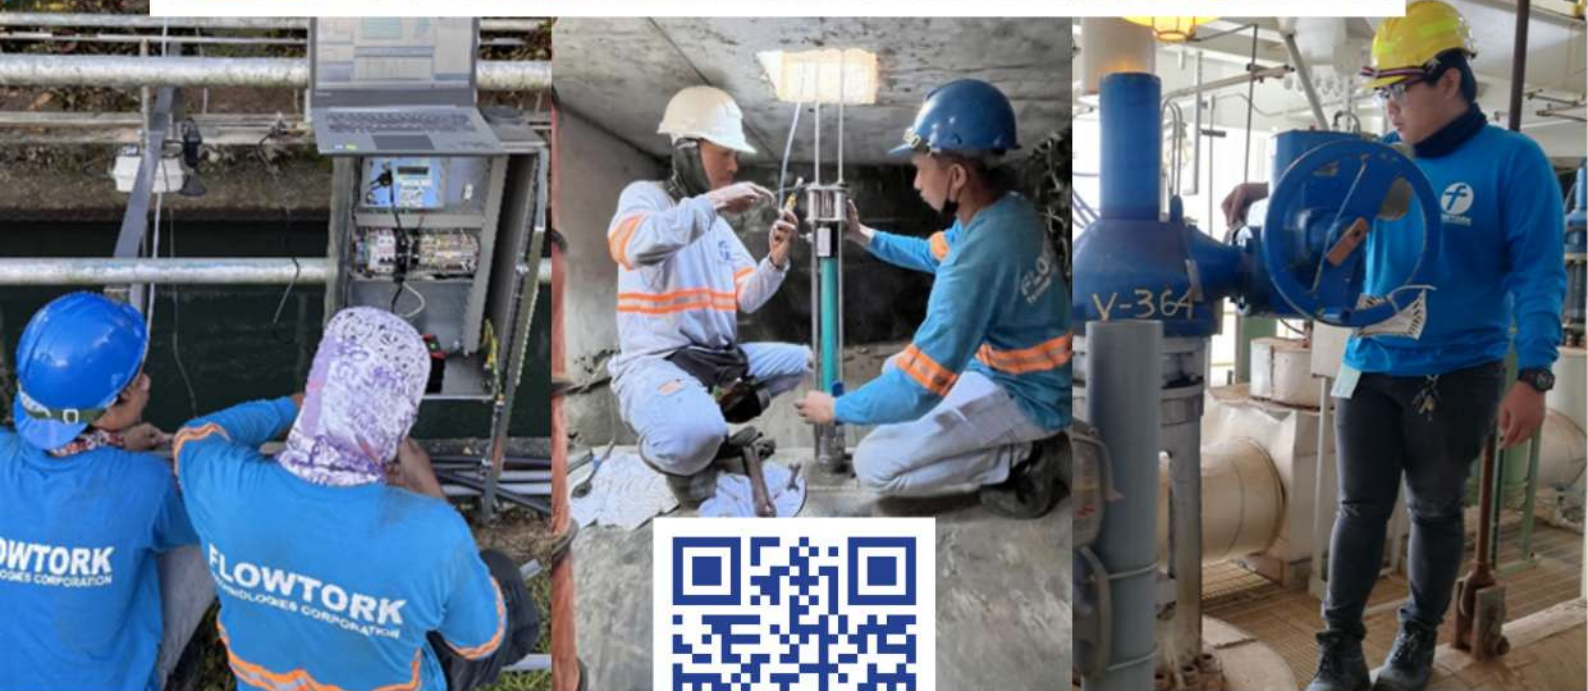

Chiksan Marine Arms form the cornerstone of complex, high technology installations for all loading and unloading of fluids at portside locations

PETROLEUM, LNG & HPNG MARINE LOADING ARMS
