

Our Clientele

YOUR MECHANICAL, INSTRUMENTATION, ELECTRICAL & TECHNICAL PARTNER

Actuators | Valves | Flow Meters | Data
Loggers | Agigators & Mixers | Coal
Feeders | Machine Loading Arms

Industry & Expertise

Flowtork Technologies Corporation is a premier provider of process instrumentation solutions in the Philippines. With over 20 years of expertise, we specialize in delivering high-quality mechanical, instrumentation, electrical, and technical support to diverse industries.

Product Portfolio

We offer a comprehensive range of process control and automation products, including:

Actuators

Electric Actuators, Gearboxes, & Pneumatic Actuators

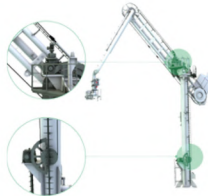

Valves

Ball Valves, Butterfly Valves, Knife Gate Valves, Check Valves, Sluice Gates, Control Valve, Automatic Control Valves

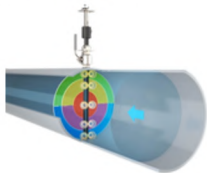

Agitators, Mixers, and Mechanical Seals

Agitators, Vacuum Processing / Vacuum Drying / Hydrogenation Units, Mechanical Seals

Marine Loading Arms Loading Systems

Onshore Loading Arms, Nearshore Loading Arms, Offshore Loading Arms, Breakthrough Innovations

Flowmeter and Data Loggers

Open Channel/ Non Contact, Electromagnetic Insertion, Electromagnetic Fullbore Flowmeters, Clamp on Flowmeters, Dataloggers

Weigh Belt Feeder Systems Coal Feeders

Weigh Belt Feeder Systems / Coal Feeders, Belt Scales

Why Choose Flowtork?

- ✓ 20+ Years of Industry Experience – A trusted name in process instrumentation
- ✓ Automation & Engineering Expertise – Helping industries transition from manual operations to automated, efficient systems
- ✓ Precision in Product Selection – Ensuring the right specifications for each unique application
- ✓ Comprehensive Industrial Solutions – A full suite of products and customized engineering services
- ✓ Unrivalled After-Sales Support – Standing out by proactively ensuring client success—offering guidance, troubleshooting, and after-sales support that extends beyond expectations.

Our Services

Mechanical

Valves - Supply, Installation, Repair, & Retrofitting Works | Sluice Gates, Stop Logs, Trash Rakes, Penstocks, Bar Screens | Flanges, Elbows, Fittings, Piping System Works | Pneumatic and Electric Valve Actuator Supply, Installation, Repair, Retrofitting, & Preventive Maintenance | Coal Feeder Maintenance, Repair, and Retrofitting Works | Rubber, FRP Linings | Fire Protection System, Pump Capacity Testing for Fire Protection | Turn-key Projects | Preventive Maintenance, After-Sales & Operation

Electrical

Electrical Design and Layout | Cable Tray Installation, Conduiting, Raceway, and Cable Pulling | Industrial Panel Design, Assembly, Termination, and Integration | Surge Protection, Busway, Transformers, Grounding Installation and Testing | SCADA System, Automation, and Integration

Instrumentation

Instrument Supply, Installation, Commissioning, Repair, and Calibration | Flowmeter Rentals for Flow Measurement Spot-Checking

Technical Support

Project Management and Documentation | Consultation and Engineering | Product Training and Seminar

Industries Served

Flowtork caters to a diverse range of industries such as but not limited to:

- ✓ Sugar & Ethanol Processing
- ✓ Food & Beverage
- ✓ Manufacturing
- ✓ Pharmaceutical & Chemical Processing
- ✓ Pulp & Paper Production
- ✓ Petrochemical Industry
- ✓ Shipbuilding & Marine Applications
- ✓ Water Utilities
- ✓ Power Generation
- ✓ Oil & Gas
- ✓ Mining
- ✓ HVAC
